

How to use Twitter Feed?

You need get **Twitter App Consumer Key**, **Twitter App Consumer Secret**, **Twitter App Access Token**, **Twitter App Access Token Secret** <https://dev.twitter.com>.

You must fill out the required fields.

js/twitter/index.php and **js/countdown/twitter/index.php**

```
23 class ezTweet {
24     /**
25      *
26      * Your Twitter App Consumer Key
27      * private $consumer_key = '';
28      *
29      * Your Twitter App Consumer Secret
30      * private $consumer_secret = '';
31      *
32      * Your Twitter App Access Token
33      * private $user_token = '';
34      *
35      * Your Twitter App Access Token Secret
36      * private $user_secret = '';
37     */
}
```

js/twitter/lib/tmhOAuth.php and **js/countdown/twitter/lib/tmhOAuth.php**

```
42
43     'consumer_key' => '',
44     'consumer_secret' => '',
45     'user_token' => '',
46     'user_secret' => '';
```

To set twitter username open file `/js/twitter-options.js` (`/js/countdown/twitter-options.js`) and change string 'username'.

```
1  jQuery(document).ready(function($) {
2
3  jQuery("#twitter-status").tweet({
4    join_text: false,
5    username: "envato", // Change username here
6    modpath: './js/twitter/',
7    avatar_size: false,
8    count: 1,
9    loading_text: "loading tweets...",
10   seconds_ago_text: "about %d seconds ago",
11   a_minutes_ago_text: "about a minute ago",
12   minutes_ago_text: "about %d minutes ago",
13   a_hours_ago_text: "about an hour ago",
14   hours_ago_text: "about %d hours ago",
15   a_day_ago_text: "about a day ago",
16   days_ago_text: "about %d days ago",
17   view_text: "view tweet on twitter"
18 });
19
20 });|
```
